## NOTICE OF PROPOSED RULE MAKING

Adopted: December 8, 1999

Released: December 17, 1999

Comment Date: February 7, 2000

Reply Date: February 22, 2000

By the Chief, Allocations Branch

1. Before the Commission for consideration is a multiple docket Notice of Proposed Rule Making setting forth separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules. Each petitioner has stated that it will apply for its requested channel, if allotted. We believe that each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

2. This is a multiple docket Notice of Proposed Rule making issued in response to a Commission Public Notice released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single Notice of Proposed Rule Making. Each proposal has its own docket and rule making number and the Commission's Reference Center will maintain a separate file for each docket. As discussed in the Public Notice, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We request comments and/or counterproposals to the following proposals:

**Proposal:** Allot Channel 297C3 to Powers, Michigan, as that community's first FM broadcast service.

Powers has its own post office and zip code (49874). Although petitioner indicates that Powers is administered by a Village President and council members, has its own water and sewer system, fire station and library, along with some local businesses, petitioner failed to provide names and addresses for council members

or identify the local businesses with names and addresses. Parties filing comments are requested to present the Commission with specific information to demonstrate that Powers has the social, economic and governmental indicia to qualify it as a "community" for allotment purposes. See Gretna, Marianna, Quincy and Tallahassee, Florida, 6 FCC Rcd 633 (1991) and cases cited therein. To support community status, parties could provide names of businesses which contain "Powers" in their names, excerpts from a telephone book showing Power's separate telephone exchange, a list of industries with addresses, name and address of the Village President, council members, evidence that rural residents view Powers as a center for shopping and medical services, name and address of schools, parks, civic associations, or any additional information to support community status. Failure to provide the requested information could result in a denial of the proposal.

3. Comments, reply comments, counterproposals and other pleadings filed in response to this multiple docket Notice of Proposed Rule Making should reference only the specific docket to which the filing pertains. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required in paragraph 2 of the Appendix before a channel will be allotted.

4. Interested parties may file comments on or before February 7, 2000, and reply comments on or before February 22, 2000, and are advised to read the Appendix for the proper procedure. Additionally, a copy of any filing should be served on the petitioner listed for the particular docket.

5. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. See Certification that Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b) and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981.

For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no ex parte presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the commission or review by any court. An ex parte presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon other parties to the proceeding unless the Commission specifically waives this service requirement.

Any comment which has not been served on the petitioner constitutes an ex parte presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an ex parte presentation and shall not be considered in this proceeding.
